ROSEHILL GARDENS WINS NATIONAL CATERING AWARD

Rosehill Gardens Event Centre was awarded the prestigious “MEA Banqueting & Catering” award at the 2009 Meetings & Events Australia (MEA) National Awards for excellence, held on Tuesday night at the Melbourne Convention Centre.

To be eligible as a finalist for the national award, the venue won the MEA NSW Banqueting and Catering Award at a gala dinner event in Sydney last month. Award finalists were judged by a panel of industry experts across a broad spectrum of criteria and must meet vigorous benchmark standards set by Meetings and Events Australia. All state finalists progress to the national awards and the overall winner is determined by the final highest score in that category.

“The MEA Awards are the pinnacle in the Australian meetings and event industry,” said Michael Kenny, Chief Executive of Sydney Turf Club, Rosehill Gardens Events Centre’s parent company.

“This award is the result of a hard working and dedicated team and we are ecstatic.

“We continuously drive the development of our banqueting and catering, introducing innovative options and superior service. We pride ourselves on delivering a true end-to-end customer partnership which focuses on flexible and personalised service while delivering a quality product time and time again.”

Rosehill Gardens Event Centre has grown to become one of Sydney’s premier event venues with a reputation for superb catering produced by its experienced team of in-house chefs. Supported by dedicated catering, operations, sales and support service teams, Rosehill Gardens consistently delivers high quality business events.

This award continues the venue’s trend in winning a number of profiled industry awards including “National Event Caterer” at the 2009 Savour Australia Awards for Excellence, the annual awards of Restaurant & Catering Australia.
